

CHÂTEAU CAZEBONNE

Astéries 2022

HIS STORY

This parcel comes from our Darche terroir, on a thin layer of Graves, deposited on a vein of asteriated limestone (between 1 and 3 meters deep). Merlot excels on this exceptional terroir. Middle Pleistocene FXb2 geological terrace, found at Château Suduiraut in Sauternes.

Vinification in vats with indigenous yeasts and low fermentation temperatures. Aged for a year in terracotta amphorae, the result is a wine with silky tannins and expressive fruit.

TASTING NOTES

From the very first nose, the wine impresses with its aromatic purity: a bouquet of ripe black fruits (plum, blueberry, black cherry) enveloped by floral notes (violet, iris) and graphite.

On the palate, the attack is ample, solar, fleshy but never heavy. The tannins are supple and chalky, giving the wine a vibrant, almost saline relief. The asteriated limestone imposes its tension here, bringing a welcome mineral freshness to the finish.
